

The Melrose School Committee Policy Manual is a nearly 400 page document filled with policies that cover all aspects of the administration of the Melrose School Department and the Melrose School Committee itself. The dissemination of these policies to the people most responsible for following them is a difficult task. To help with this dissemination, the Policy Subcommittee of the Melrose School Committee has developed abbreviated tables of contents for different reader groups to help them focus on the policies they might be most interested in reading as a starting point.

Abbreviated Table of Contents for Staff Members including Teachers.
