

Posting of SES Data

Supplemental educational services (SES) are additional, free, academic instruction designed to increase the academic achievement of students in schools identified for improvement, corrective action or restructuring under the No Child Left Behind Act (NCLB). Students from low-income families attending Title I schools in their second year of school improvement (i.e., have not made Adequate Yearly Progress (AYP) for three or more years), in corrective action, or in restructuring status are eligible to receive SES.
