

Horace Mann School

Cell Phone Confiscation Protocol

As stated on page 18 of the parent/student handbook “cell phones may not be on or used during the school day”. This also includes the Horace Mann after-school program. Students who violate this policy will first be given a verbal warning and a behavior report will be sent home.

Students who violate this policy a second and subsequent time will have the phone confiscated by the principal. A parent will be notified that the cell phone has been confiscated and they will need to come to the school to pick it up. This notification includes leaving voice mail in the event the parent cannot be reached. Please remind your child that the cell phone may not be on until they are outside of the building. Thank you for your support. Feel free to contact me if you have any question.

Mr. Strasnick
