COMMUNITY USE OF SCHOOL FACILITIES	1200
Community Use of School Facilities General Rules and Regulations	1201

The school facilities of the City's Public Schools are available to reputable organizations and individuals and in good standing but not limited to non-profit, charitable, educational, recreational, enrichment organizations and programs, subject to the conditions of the School Committee policy. No such use of school facilities, however, shall at any time be allowed to interfere with or limit the regular work or extra-curricular activities of the school programs. School equipment will not be available to outside organizations except with the permission of the Business Manager. Any equipment brought into the schools by outside organizations should not be considered school property, and as such, the school assumes no responsibility to the individual or group furnishing the equipment.
