

ADMINISTRATION**2000****CONSULTANTS****2600**

The Committee encourages the use of consultants as a means of providing the schools with invaluable specialized services not normally required on a continuing basis.

Sufficient funds will be made available to attract the most outstanding authorities in the various fields. However, the use of consultants from outside the school system who promote a particular commercial product is discouraged. When such consultants are used, it should be made clear to them that they are to perform as consultants and not as salesmen.
